# Our Classroom Rules

Three principles that cover everything

## Be Safe

What this looks like

- We walk in the corridors and classroom
- We keep our hands and feet to ourselves
- We sit on chairs properly, with all four legs on the floor
- We use scissors and pencils carefully
- We tell an adult if something or someone is unsafe
- We follow safety routines (fire drill, line-up)

## Be Kind

What this looks like

- We use kind words and listen to others
- We include people who are on their own
- We say please and thank you
- We help when someone is struggling
- We don't laugh at mistakes — we celebrate effort
- We share equipment and take turns

- We respect everyone's belongings

## Ready to Learn

What this looks like

- We arrive on time with our equipment
- We listen when someone is talking
- We try our best, even when it's tricky
- We put up our hand to share an answer
- We ask for help when we need it
- We don't give up when we make a mistake
- We use kind voices in the classroom
- We tidy up at the end of every lesson
