

SCIENCE · GRADE 1

# Materials Sorting

Group these objects by their material

## Sorting grid

Wood	Metal	Plastic
Glass	Fabric	Paper

**Cut out and sort:** spoon, window, newspaper, T-shirt, ruler, tin can, table, drink bottle, book, sweater, mirror, pencil, key, shopping bag, door, envelope, fork, scarf

## Discussion

1. Why do you think windows are made of glass and not wood?
2. Name one object that could be made from more than one of these materials.
3. Which material would be best for a raincoat? Why?
