

Caring for New Zealand's Environment — Knowledge Organiser

Free from LessonKind · lessonkind.com · Qualified primary teacher

Key facts

- New Zealand is known for its clean, green environment.
- Native forests, rivers and wildlife need protecting.
- Recycling, planting trees and trapping predators all help.
- Looking after the land is called kaitiakitanga in te reo Māori.

Key vocabulary

- Environment — the natural world around us.
- Conservation — protecting nature.
- Kaitiakitanga — guardianship of the land (Māori).
- Sustainable — used carefully so it lasts.

Clean and green

New Zealand is proud of its environment, and many people work to keep its forests, rivers and wildlife healthy.

Guardians of the land

The Māori idea of kaitiakitanga — caring for the land as its guardians — guides much of New Zealand's conservation.
