

OUTDOOR &amp; FOREST SCHOOL · EYFS TO Y3

# Autumn Outdoor Learning

Six ready-to-use activities

## About this pack

Six self-contained outdoor activities for the autumn term. Each is one A4 page and takes 20–40 minutes outside. No specialist site needed — most work on a school field, in a patch of trees, or even in a corner of the playground with one or two trees. Run before your risk-assessment checklist (free download). Each activity lists the resources needed at the top.

### Activity 1 — Leaf Colour Spectrum Hunt

---

---

---

---

---

---

---

---
