# Map-Making: School Grounds

Outdoor geography activity

## Map-making your map

Follow these in order

1. WALK the school grounds and notice everything
2. SKETCH a rough outline — where are the edges?
3. Add the MAIN FEATURES: buildings, trees, paths, gates, playground
4. Add a COMPASS ROSE (N, S, E, W)
5. Create a MAP KEY: one symbol for each type of feature
6. Add a SCALE BAR (estimate by pacing)
7. Give your map a TITLE and your name
- CHALLENGE: Add grid squares and write four-figure grid references for three features
