

OUTDOOR & FOREST SCHOOL · EYFS TO Y3

Spring Outdoor Learning

Six ready-to-use activities

About this pack

Spring is the easiest term to teach outdoors — children are warm, life is appearing, the change week-to-week is dramatic. The challenge is to slow children down enough to actually NOTICE. The activities below all centre on careful observation. Pair with a class nature journal for the strongest cumulative effect.

Activity 1 — Minibeast Hunt

Activity 2 — Blossom Counting

Activity 3 — Plant Growth Diary

Activity 4 — Birdsong Listening

Activity 5 — Puddle Survey

Activity 6 — Bud Watch
