

MATH · GRADE 2

Time to Five Minutes

Quarter past · Half past · Quarter to

Reminders

The minute hand goes all the way round in 60 minutes. Each number on the clock = 5 minutes. So when the minute hand points to 3, it's 15 minutes past. When it points to 6, it's 30 minutes past (half past). When it points to 9, it's 45 minutes past — which we say 'quarter to' the next hour.

Section A — Write the time

1. Hour hand near 4, minute hand on 12. Time = _____
2. Hour hand between 7 and 8, minute hand on 6. Time = _____ ('half past 7')
3. Hour hand between 9 and 10, minute hand on 3. Time = _____ ('quarter past 9')
4. Hour hand between 4 and 5, minute hand on 9. Time = _____ ('quarter to 5')
5. Hour hand between 1 and 2, minute hand on 4. Time = _____
6. Hour hand between 11 and 12, minute hand on 7. Time = _____

Section B — Word problems

1. School starts at 8:30 and break is at 10:15. How long until break?
2. Lunch begins at quarter past 12 and lasts 45 minutes. What time does it end?
3. A bus leaves every 15 minutes from 8:00. List the next four bus times.
